Eco Group

We are holding food growing sessions so that children and families can learn about healthy eating by growing a variety of vegetables and fruit. The children will be encouraged to use the produce for their snacks and to make soups. This will also encourage the children to develop an appreciation for growing things and caring for the environment.

Growing sessions are open to all and we would very much encourage and welcome you to come. Dates are as follows:

 "Quack, quack, quack, quack."
 But only four little ducks came back

Could you please put joggers/leggings on the children as this is much easier when toilet training.

Please take time to ask your child what they have been learning in nursery and have a look through their profiles to see evidence of their learning and achievements.
